

Effective language learning experiences are carefully planned by a teacher through standards-based course, units and lessons that embed high-yield strategies allowing students to reach identified course, unit, or lesson performance objectives. **How does your planning of learning experiences prepare for student learning?** During this self-assessment, be sure to use evidence to support your reflections. Once you have completed the self-assessment, review the outcomes with a critical friend, mentor, or supervisor. An open and honest conversation about your performance vs. ratings helps to clarify rationale for levels selected and will help you to set realistic goals.

Reflect on your current performance level of the TELL criteria below.
