

FACILITATING INTERACTIONS

SELF-ASSESSMENT

Teacher:

Date:

Effective teachers facilitate interactions with respect, routines and regard for each student as an individual. What are those strategies that you can use to develop relationships with students so you may better facilitate classroom interactions? During this self-assessment, be sure to consider evidence from your practice to support your reflections. Once you have completed the self-assessment, review the outcomes with a critical friend, mentor, or supervisor. An open and honest conversation about your performance vs. ratings helps to clarify rationale for levels selected and will help you to set realistic goals.

Reflect on your current performance level of the indicators below.
