Engaging learners is critical to the success of any learning environment. We must capture students’ interest and attention before meaningful learning can occur. The Teacher Effectiveness for Language Learning Framework identifies the characteristics and behaviors exhibited by a model world language teacher and supports the need for Engaging Language Learners.

This Professional Learning Processing Guide will take you on a growth path that will lead to a better understanding and a plan for implementation of effective strategies. You will be interacting with the following resources designed to support your professional learning. As you progress through this guide, you will explore your initial understanding of the topic, dig a little deeper into the topic, explore and try a new strategy or two, and see what it could look like in a classroom.
